PROFESSIONAL PROFILE

Entrepreneur and Technical Project Manager with over 10 years of experience designing, deploying, and integrating enterprise software solutions. Possesses a rare dual competency combining mastery of business management/accounting processes with applied software engineering. Expert in automating business workflows, customizing ERPs (Dolibarr), and integrating advanced technologies (OCR, local AI, APIs) to optimize SME productivity. Pragmatic, results-oriented, and highly capable of translating business needs into reliable software architectures.

CORE COMPETENCIES

- **Management & ERP:** Integration and configuration of ERP/CRM (Dolibarr), billing/tax compliance, commercial management, custom modules.
- **Automation & Applied AI:** Prompt engineering, integration of AI in production (APIs, local LLMs via llama-server), optical character recognition (OCR Tesseract, PaddleOCR).
- **Design & Development:** Advanced algorithmic logic (WinDev, WebDev), AI-assisted application development (Flutter Desktop/Mobile, Dart, PHP, JavaScript).
- **Infrastructure & Systems:** Linux server administration (Debian, Ubuntu), Windows Server, automated backup strategies (rclone, Google Drive), NAS, and local networks.
- **Project Management:** Full lifecycle (needs analysis, specifications, rapid prototyping, deployment, user training).

PROFESSIONAL EXPERIENCE

Founder & Technical Project Manager / ERP Integrator

ONEDEV – Ksar Hellal, Tunisia | January 2016 – Present

- End-to-end management of business software projects for a portfolio of over 15 SME clients.
- Advanced design and customization of Dolibarr ERP (creation of complex extrafields,

- automation of billing hooks, and specific business modules).
- Development of desktop and mobile management solutions (intelligent billing, automated tax declaration with OCR invoice reading).
- Setup and administration of secure server infrastructures (Linux Debian, automation of cloud backups via shell scripts and rclone).
- Technical supervision of development teams and training of over 20 interns and collaborators.

Co-founder & Technical Manager CNC / Systems

PetouHome – Ksar Hellal, Tunisia | January 2022 – Present

- Supervision of the digital production chain and optimization of CNC Laser industrial cutting processes.
- Analysis and conversion of over 5,000 vector files and technical plans (CAD/CAM).
- Precise configuration of machine workflows and implementation of strict quality control protocols.

Manager & Multimedia Project Coordinator

S.T.P.T – Ksar Hellal, Tunisia | July 2011 – November 2015

- Operational management of the agency and coordination of digital communication and application projects.
- Client relationship management, budget framing, and deliverable planning.

KEY PROJECTS

- **Tax Declaration & Invoice Processing Software (Desktop):** Application integrating a local OCR engine (Tesseract) for automatic extraction of accounting data and generation of tax balance sheets without cloud dependency.
- **Custom Business ERP (Dolibarr):** Deployment of a customized version dedicated to law firms and service companies, automating the generation of legal documents and financial tracking.
- **ONEDEV Facture Lite:** Commercial management tool integrating intelligent suggestion and automated entry modules, generating a 60% time saving for users.

EDUCATION & DIPLOMAS

- **Bachelor's Degree in Management Sciences (Accounting Specialty) – Virtual University of Tunis (Ongoing)**
- **CEFE Training (Business Creation and Entrepreneur Training) – ANETI, Tunisia (2010)**
- **Baccalaureate in Economics and Management – Lycée 2 Mars 1934, Ksar Hellal, Tunisia (2005)**

LANGUAGES & INVOLVEMENT

- **French:** Fluent / Professional (B2/C1)
- **Arabic:** Native language
- **English:** Technical / Professional
- **Involvement:** Former active member of CONECT (Confederation of Citizen Enterprises of Tunisia).
